- Revenue is at 100.9% of budget.
- Expenses are at 85.9% of budget.
- Assessment income is at 100% of budget. The budget is on track to finish with a surplus to be dependent based on the audit we receive in April or May.

FOURTH ORDER OF BUSINESS

District Manager's Report

Follow up items:

- A copy of the letter from Mr. Robin to Carriage Homes will be emailed to the Board. The letter went through the whole history of the infrastructure development for the bonds. The letter concluded with Mr. Robin indicating the

District could not maintain privately owned roadways or other privately owned infrastructure. This letter was sent to Carriage Homes in the first week of September and no response was received to date.

- ADA – Ms. Stewart, District Engineer, will be attending the October meeting to report on the ADA regulations and make recommendations to the Board.

A. Arbitrage Rebate Report for the Period June 6, 2010 through June 5, 2011

Mr. Ricciardi explained the report indicates the District had negative arbitrage and does not have to refund anything to the IRS.

Mr. Tanenbaum questioned where the money would show up and Mr. Ricciardi explained.

B. Engagement Letter from Deloitte Tax LLP to Provide Arbitrage Services for Bond Year Ending June 5, 2012

Mr. Ricciardi explained the engagement letter from Deloitte Tax LLP indicates the fee to provide arbitrage services is \$750 and this fee has been calculated into the 2012 budget. Approval of the engagement letter was recommended.

On MOTION by Ms. Nelson seconded by Mr. Yawn with all in favor authorization was granted to the Chairman to sign the arbitrage rebate calculation engagement letter with Deloitte Tax LLP for arbitrage services for bond year ending June 5, 2012 in the amount of not to exceed \$750.

C. Implementation of GASB 54

Mr. Ricciardi explained the new GASB 54 changes and explained the changes to be made to the appearance of the new Balance Sheet of the financial statements. Regarding the GASB 54 implementation two things will be needed to be done at this meeting; a motion to assign previously reserved funds and as part of the motion the Board needs to identify what funds they want to reserve out of the 2011 budget. At the budget workshop the Board discussed reserving some of the funds already identified in the budget as well as using additional Undesignated funds. These categories need to be identified and how much.

We also need a motion approving the District's policy; the auditors want to see the District has taken the step to come up with a fund balance policy. The District shall report governmental fund balances per GASB 54 definition on the balance sheet as

follows: Non-Spendable, Restricted, Committed, Assigned and Unassigned. The Board shall approve all commitments by formal resolution of the Board and a commitment can only be modified or removed by formal resolution.

Mr. Tanenbaum asked if this is a federal statute or regulation that specifically identifies community development districts as being a municipality government body.

Mr. Ricciardi noted CDD's were formed under Statute Chapter 190. We are a government entity; a government body and required to comply with government accounting standards. Auditors are looking for the government accounting standards to audit the District's books.

Mr. Yawn also questioned who the people are requiring the GASB 54 changes, where are they coming from and where are they getting their authority to set rules and regulations.

Mr. Ricciardi indicated he will ask Mr. Bloom, the Finance Manager of Severn Trent to answer the questions raised by Mr. Tanenbaum and Mr. Yawn.

Mr. Brickley stated we want to assign those reserve funds currently in the 2011 budget for continuation in 2012. We want to assign from the Undesignated Balance in the budget of 2011 to a number of reserve accounts as follows:

Reserve:

Reserve Irrigation System	\$ 3,416
Reserve Gates	2,000
Reserve Monuments/Signage	3,416
Reserve Swimming Pools	5,374
Reserve Fountain	1,958
Reserve Clubhouse	8,790
Reserve Fences	2,687
Reserve Playgrounds	8,790
Reserve Court Amenities	2,637
Total Amount	\$39,118 from the Undesignated Reserve
Assign from 2011 Budget R&M Lakes	
To Reserve: R&M Lakes	\$ 15,000

Mr. Ricciardi noted part of the motion would be to assign any funds previously reserved as designated; roadways and tennis court.

On MOTION by Mr. Yawn seconded by Ms. Nelson with all in favor to (1) assign funds currently in the 2011 budget designated as reserves, anything identified in the 2011 budget, (2) assign from 2011 undesignated the additional monies in those specified categories as listed above and (3) assign funds from R&M Lake, a General Fund line item expenditure to take \$15,000 of that and reserve it in to assignment as R&M Lakes and finally (4) to assign funds previously reserved prior to 2011 in the category that they were designated prior to 2011 was approved.

The record will reflect Mr. Thomson disconnected from the meeting.

On MOTION by Mr. Yawn seconded by Mr. Brickley with all in favor the GASB 54 fund balance policy as presented and discussed was approved.

- D. Audit Committee Selection Process**
 - i. Appointment of Committee Members**
 - ii. Establishment of RFP Evaluation Criteria**
 - iii. Authorization to Proceed with RFP**

Mr. Ricciardi explained under Florida Statute the District is required to form an audit selection committee and go through an audit selection process when the current audit engagement expires.

The process was explained. It was recommended that the governing Board be the audit selection committee. The second step in the process is setting the criteria for the audit. A sample criteria sheet was included in the agenda package. Statute states that if compensation is one of the criteria, it should not be the sole or predominant factor. The third step is authorization of an RFP, which would be advertised in a local newspaper.

On MOTION by Mr. Yawn seconded by Mr. Tanenbaum with all in favor authorization for the entire Arbor Greene Board of Supervisors to serve as the audit selection committee was approved.

On MOTION by Mr. Yawn seconded by Mr. Brickley with all in favor the audit selection criteria as presented to the Board was approved.

Mr. Brickley MOVED to approve authorization to advertise an RFP (Request for Proposals) for auditing services and Mr. Yawn seconded the motion.

A discussion regarding the cost for advertising the audit RFP and cost of previous advertisings ensued. District Counsel will be asked the reason why the budget public hearing ads were required to include assessment charts and maps.

On VOICE Vote with all in favor the previous motion was approved.

**THIRD ORDER OF BUSINESS (continued) Approval of the August 31, 2011
Financial Statements**

Mr. Farrell noted after reviewing the financial statement question posed by Ms. Nelson regarding the Capital Outlay \$26,638 item he found the following; \$17,750 was for the tennis court resurfacing and this has been booked; the second part was for the main fountain pump install, \$8,887 for the pump and motor.

Mr. Brickley indicated the \$17,750 should be paid by the tennis court reserve fund.

Mr. Ricciardi explained a motion should be made to pay the \$17,750 out of the reserve fund and the accountant will re-class it.

On MOTION by Mr. Tanenbaum seconded by Mr. Yawn with all in favor utilizing the assigned funds for tennis courts to pay the \$17,750 resurfacing costs and do the appropriate reclassification on the financial statements was approved.

Mr. Farrell added regarding the resurfacing item we were able to find a significantly less expensive vendor this year and all comments received to date have been favorable with the work that has been done.

Regarding the tabled financial statement item the following motion was approved:

On VOICE Vote with all in favor the financial statements ending August 31, 2011 were approved.
